Students: Following a daily schedule will help you keep up with your learning while you are at home. The above schedule will assist you with organizing your time. Attend your real-time, live classes and complete all assignments and tasks as assigned. Reach out to your teachers and/or counselors when you need help. Remember to get some physical activity every day.

Parents/Guardians: Distance learning will require students to virtually attend real-time, live classes with teachers according to the schedule above. Please familiarize yourself with this schedule and provide support, guidance, and assistance to your student in order to foster a positive work ethic and conducive environment for learning in the home.
